THE RESULT OF THE AUTOPSY ATTENDING THE sudden demise of Police Commissioner Smith has demonstrated the fact that, while apparently in the best of health, organic diseases of the blood and kidneys may be prematurely hastening the patient to an untimely grave, unbeknown even to the medical attendant. Yet almost every chronic disease will develop itself through the circulatory system, and once authentically informed of his condition, the treatment is, perhaps, the simplest in the bractice of medicine. A carrial analysis of the urine will always demonstrate such condition, but it should be entrasted to none but the most competent hands. Dr. MARSTON, of No. 23 East Sixteenth street, between Union square and Fifth avenue, has made this specialty the practice of a literium, and all who fancy themselves afflicted with any chronic form of disease or debility would do well to conter with him. Consultations, personally or by letter, from 10 to 2 and 6 to 8 daily. TO ENGLISHMEN.—THE NEXT MEETING OF THE Albion Society will be held at 386 Broome street on Thursday, March 5, at 8 P. M. sharp. All Englishmen are invited.
